Turkey's most influential and largest clean energy technologies fair & wenergy conferences leading the energy sector

Zafer District 840 Str. Fair Venue No:2 Gaziemir/IZMIR

Dear Sir / Madam;

WENERGY Expo - 2nd Clean Energy Technologies Fair, which we are organising once again in partnership with Izmir Metropolitan Municipality organisation İZFAŞ with EFOR Fairs and United Fair Organizers Company (BİFAŞ) will take place between **9-11 May in 2024**.

WENERGY wants to demonstrate that it is the most effective and largest Clean Energy Technologies Fair in Turkey with its conferences and seminars that will guide the sector as well as providing its exhibitors and visitors with the ground to create a trade and investor network where the latest products and technologies in the field of renewable energy, especially wind, solar, hydrogen, biomass and geothermal, will be exhibited.

WENERGY brings together the public and private sectors, investors, industrialists and suppliers. The exhibition will showcase the latest technologies, latest products and services in all areas of **clean energy; cogeneration, production, distribution and transmission systems, maintenance, repair and service in energy facilities, environmental technologies, energy efficiency, energy logistics, digitalisation, energy storage, electric vehicle and charging technologies, smart grid and smart infrastructure, cyber security in energy.**

We are proud and happy to invite you to visit the exhibition so that you can evaluate many product groups related to the field of renewable energy on the same platform, discover new products and services, get to know new technologies, and have meetings with the leading participating companies of the sector and in order to participate in our **Hosted Buyer** programme which

is **open for a limited number of people** to make **B2B** meetings with the leading exhibitors in the sector at fuarizmir.

You can find more detailed information from our website: www.wenergy.com.tr/en/

For exhibitor list please take a look : www.wenergy.com.tr/en/katilimci-listesi/

From; www.online.izmirfair.com.tr/fair/?id=4281&l=2 you can make your online registration and contact us.

Sincerely;

Our Mission

To expand the use of **renewable** and **sustainable energy** resources to meet the energy needs of **future generations**, to bring together companies working on the highest level of utilization of **renewable energy** resources in reducing the country's energy deficit with the aim of developing **technologies** related to sectors and bringing them together with the society.
